### Project Synopsis:

To provide spay and neuter surgeries for owned pets in Baltimore City. Please note: the total number of surgeries completed is lower than the total surgeries proposed; we expended the funds because we altered more dogs.

## **Project Description:**

To provide spay and neuter surgeries for owned pets in Baltimore City.

## **Summary of Approach:**

Residents living in Dept. of Ag. designated zip codes may contact BARCS for spay/neuter services for their animals. BARCS schedules and performs the surgery and offers aftercare information to pet owners.

## **Accomplishments:**

We successfully altered nearly 1,200 animals in Baltimore City!

## **Lessons Learned:**

The veterinary staffing crisis temporarily affected our ability to perform the number of surgeries we had planned to.
